BPAY® — You can make an investment by BPAY using your financial institution's phone or internet banking service. You will need to quote your Reference Number and the Biller Code corresponding to the Fund you are investing in. You acknowledge that you can make extra payments to your existing account through Bpay quoting the Trust Biller code and specific account number for extra units without completing an application for additional investments. Further, you agree that if the applicant has changed from the date of your original application, you will provide updated information to us. Units will be allotted to the account number quoted in the Bpay reference and will be effective on the day the funds are credited to the receiving bank account per the Bpay payment report. This is typically the business day after payment is made but timing may vary between banks. Banking business day means a day on which banks in Sydney and Melbourne are able to effect settlement through the Reserve Bank of Australia.
